TO WHOM IT MAY CONCERN

This letter concerns Terry Mikeska who has served as a talented and resourceful musician aboard the SS INDEPENDENCE while I have been Captain for four months.

The SS INDEPENDENCE is a passenger ship owned and operated by Delta Queen Steamboat Company operating in Hawaii. The vessel operates on a weekly cruise among the Hawaiian islands carrying 900 passengers.

Terry has proven himself to be a reliable and dependable performer with creative talents. His performances are always professional, he is an excellent sight reader and readily adapts to new performers and their material.

Terry Mikeska has the ability to organize and supervise people. He has provided timely and up to date music in his shows, and he has the enviable ability to please his audience every time. We constantly receive excellent comments from our passengers regarding Terry's piano performances.

I do not hesitate in recommending Terry as an entertainer who can provide excellent music and service.

Sincerely,

Captain L. Richard Haugh
Master SS INDEPENDENCE
