TO WHOM IT MAY CONCERN

On Wednesday evening January 27, 1999 Terry Mikeska played piano for my company's cocktail party at the Fairmont Hotel in Dallas. I must say that Terry's music simply made a good cocktail party into a spectacular one.

Terry not only performed a vast array of music, but did it all without any music in front of him. In addition, he was able to play most every request that was brought to him. He did it all with a smile and a pleasing disposition and it certainly appeared that he enjoyed playing as much as we enjoyed listening.

I would highly recommend Terry Mikeska for any function that you might have. He is a true professional and one in which you will be proud to say he was there.

Sincerely,
