San Angelo, Tx 76904

Dear Terry,

I think it was obvious how much your piano playing added to our Leukemia Celebrity Waiters luncheon. It seemed to pull every thing together and give Phil something to work with. Thank you for joining in the spirit of the fun and helping to make the luncheon so successful. Thank you for donating your time and talent to our cause.

The fun worked and the luncheon was also a big financial success. You raised \$10,325 and Glenda says more is coming in. The meal and wine cost \$2,255 and I probably have apron, postage, printing, etc. expenses to bring the total up to \$2,500 which is still an amazing net for an event with food.

I love working with the people in San Angelo. Truly, you have a special town that makes a stranger feel welcome. Thank you for your help and support which makes my job so easy and successful. I hope you won the big event in New York. Please let me know the results. We all had our finger crossed for you to win again.

Sincerely,

Waynette Welch
Executive Director

A participating member of the National Health Agencies in the Combined Federal Campaign.

Insure a cure—remember the Leukemia Society of America, Inc. in your will.
